## **Calling for an #AllOutDC mobilization against white nationalism and the alt-right**

On July 6th, two days after Donald Trump's July 4th celebration the Alt-Right will converge in the District of Columbia at Freedom Plaza. The so-called "Free Speech" rally is hosted by the pro-Trump right-wing gang the Proud Boys, whose true goal is to use DC as a stage to promote an agenda of white supremacy and lead attacks on migrants, women, people of color, trans and queer people. We call on every one of good conscience to join us in an #AllOutDC mobilization and show the world that the #DemandFreeSpeech rally are Nazis in suits and MAGA hats.

These are the people organizing for more deaths along the border, more police-violence in our neighborhoods, and more restrictions to medical care and safe abortion. These are the PR teams for every killer cop, mass shooter, an agent of right-wing violence, and border guards. The "Demand Free Speech" rally isn't about freedom of speech, it's about living a life free from the consequences of promoting hate.

We're not new to this. We remember the days before Unite the Right in Charlottesville, less than two years ago, when Nazis brandished guns and Confederate flags in Southeast DC.

We remember the Two brothers who lived in Shaw— a neighborhood in DC— who were directly connected to Robert Bowers, the mass murderer who shot 11 Jewish people at Pittsburgh's Tree of Life Synagogue via Gab. These brothers were planning attacks of their own.

**In bulletproof vests, police badges, MAGA hats, or in khakis, fascists thrive when we look the other way.**

Not only will we deny the alt-right a platform, but we will also build the capacity to undermine the border, prison system, and demonstrate that free movement of people can be beautiful, safe, and beneficial for all. Together we can block the alt-right and put an end to Trump's white supremacist fantasies once and for all.
